Quantities of yarn are approximate as they are based on average requirements.  
Check actual yarn colour - as printing may not match yarn exactly.

We recommend Milward yarn bobs for tangle free motif knitting.

**Sweater:** Pair each Milward 3 ¼ mm (UK 10) and 3 ¾ mm (UK 9) needles. 4 buttons.

**Toy:** Pair Milward 3 ¾ mm (UK 9) needles. Good quality washable stuffing.

## Tension

23 sts and 31 rows to 10 cm (stocking st) on 3 ¾ mm needles or size needed to achieve stated tension.

It is important to check your tension before starting your garment. If there are too many stitches to 10 cm, your tension is tight and you should change to a larger size needle. If there are too few, your tension is loose and you should change to a smaller size needle.

## Caution

It is essential to work to the stated tension, and we cannot accept responsibility for the finished product if any yarn other than the specified yarn is used.

Instructions are given for the first size, with larger size(s) given in square brackets [ ]. Where only one figure is given this applies to both (all) sizes.

Before starting to knit, read the instructions carefully and circle all figures relating to your

size with a coloured pencil.

## Note for Motif Knitting

When working from chart, do not carry colours across wrong side of work, but use separate balls as required, twisting yarns when changing colour to avoid a hole (see diagram).

Read odd rows K from right to left and even rows P from left to right.

You may prefer to swiss embroider small areas of colour from the chart rather than knitting them in. If so, knit these in the surrounding contrast and swiss embroider before commencing make up.

## Swiss Embroidery

Use a tapestry needle and appropriate colour. Bring needle up through centre of stitch from back of work, insert from right to left behind stitch immediately above (A) then down through centre of original stitch and out through centre of next stitch to left (B).
